

MONTANA TRANSPORTATION COMMISSION

February 23, 2017

Item # (Agenda #)	Project Information & Locations
1 (02)	A request for the Commission to approve a local construction project (utilizing local forces) on Center Street (U-6714) in Kalispell.
2 (03)	A request for the Commission to delegate its authority to let, award, and administer contracts on the state highway system to the City of Billings, the City of Kalispell and the City of Bozeman (for construction projects on the Urban Highway System). All projects will be locally funded and will utilize contract labor.
3 (04)	The developers for Blackmore Bend are asking the Commission to approve modifications to the state highway system to address traffic generated by their new development in Bozeman. The proposed improvements include left-turn lane modifications on Main Street (N-50), an additional left-turn lane on Highland Boulevard (U-1215), and upgrades to pedestrian facilities at the intersection of Main Street and Highland Boulevard.
4 (05)	Montana Eggs is asking the Commission to approve modifications to the Urban Highway System to address traffic generated by their new facility in Great Falls. The proposed improvements include the installation of new sidewalk, curb and gutters along 38th Street (U-5219) from North Star Boulevard to 10th Avenue North and minor upgrades to the intersection of 38th Street and North Star Boulevard.
5 (06)	A request for the Commission to delegate its authority to let, award, and administer contracts on the state highway system to the City of Bozeman for a streetscape project on North 7th Avenue (N-118) in Bozeman. Proposed improvements would include new sidewalks, ADA upgrades, decorative lighting, and landscaping from Main Street to the I-90 Interchange. The project will be locally funded and will utilize contract labor.

Item # (Agenda #)	District	County	UPN	Funding Source	Project Name	Project Location Signed Route (Dept. Route)	Reference Point	Project Length	Scope
